Snoopy Biplane

Jill Nerheny QSM Community Co-ordinator came into the Shed to inspect the Snoopy bi-plane for the Christmas parade. Gwynn explains some of the fine details of his handiwork:

Ian's boat nears completion

The boat crew have been busy working on Ian's dingy, which is rapidly nearing completion. Below Len applies some finishing touches:

Kauri Museum Trip Cancelled

Unfortunately, due to heavy bookings for groups visiting the Matakohē Kauri Museum, our Scheduled August trip up there had to be cancelled.

Trustee Vacancy

Our Secretary John Murray has advised us that he will be returning permanently to the UK with his wife Brenda within the next two months. John joined the Board of Trustees in 2010 and has been a valuable member of the Board since then. John will be missed especially at lunch break when the stories of his endeavours in the Royal Navy entertained all. We wish both John and Brenda all the best for their future in England and look forward to hearing that he has joined a British Men's Shed.

Shed Talk

Chairman Ross McEwan gave a demonstration and talk to members regarding the correct use of table saws.

The Shed
