Merry Christmas to all

Wow hasn't the year flown by with the Festive Season upon us. The Trustees have worked hard this year to add additional space to our Shed due to an increase of daily attendees with are currently averaging 26 members each day. Since October 1st we have had five new members join and we welcome :

Jason Roper, Alby Hart, Bruce Hubbard, Daniel Roldan and Martin Saggars

I'm sure you will all make these chaps feel at home and look forward to working on projects with them.

The big event this year must be the commencement of the extension to our workshop, from this on the 28th October

To this on the 18th December, well done TotalSpan.

Plenty of work for all in January to fit out the Interior and relocate engineering to their new home. If you wish to be part of the fit out team just talk with Workshop Supervisor Gavin Marks and he will organise a place for you.

The shed will be closed from 21 Dec and reopen on Monday 11 January. The Board of Trustees wish you all a Very Merry Christmas and enjoy the Festive Season with your family and friends we look forward to catching up with you all in January.
