Sheddies' Chatter

VOLUME 1 ISSUE 14 MAY 2013

Video Project

Over the coming weeks MSNS members Tez and Martin will be filming short interviews with fellow Shed members. These will be edited into a showcase video for our website and youtube to help promote our Shed, as well as Men's Sheds in general.

Tez is a professional photographer and has also offered to take a portrait of individual Sheddies. Participation of members in the video project would be very much appreciated, and is of course optional.
